Education

Chitkara University

Bachelor of Engineering in Computer Science

- Current CGPA: 8.9

2023 – Present

Punjab, India

Him Academy Public School

Senior Secondary (12th) - CBSE Board

2023

Percentage: 70.02

Worship Public High School

Secondary (10th) - HP Board

2021

Percentage: 87.14

Technical Skills

Languages: JavaScript, Java, HTML5, CSS, SQL
Frontend: React.js, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Developer Tools: Git, GitHub, Postman, VS Code
Deployment: Netlify, Render, MongoDB Atlas

Projects

Weather Application | React, Weather API, Tailwind CSS

- Developed a weather forecasting web application using React and Weather API integration
- Implemented real-time weather updates with city-based search functionality and dynamic weather icons
- Enhanced user experience with responsive design and comprehensive error handling for invalid inputs
- Styled using Tailwind CSS with modern UI/UX principles and mobile-first approach

Full-Stack Ocr-Notepad Application | React, Node.js, Express, MongoDB

- Built a comprehensive notepad application featuring complete CRUD operations with user authentication and Ocr Feature
- Implemented responsive UI with React frontend, Node.js/Express backend architecture
- Integrated MongoDB for persistent data storage and deployed with secure user session management

Portfolio Website | React, HTML5, CSS, Tailwind

- Designed and developed a professional portfolio website showcasing projects and technical skills
- Implemented responsive design with modern UI/UX principles and optimized for performance and SEO
